

ACUCRAFT OUTDOOR FIRE
ALWAYS ONE-OF-A-KIND

Why Acucraft

At Acucraft, we know you want an outdoor fire feature that stands out. In order to do that you need a one-of-a-kind fireplace. The problem is all other fireplace manufacturers make the same boring, mass produced product, which makes you feel stuck and frustrated. We know what it feels like to want something better and different, which is why we guide you through the entire process. So stop being frustrated with limited, boring, mass-produced products, and instead have a one-of-a-kind fire feature that you will love forever!

Custom Tall Linear Gas Fireplace - Ross, CA

Dual Outdoor Gas Fire Tables - Graton Resort & Casino - Rohnert Park, CA

TWIN FIREPLACES

Two back-to-back gas fireplaces add to the contemporary open floor plan of this gorgeous multi-million dollar home in Ross, CA. Acucraft designed two identical fireplaces for the project keeping within the tight constraints the project had and maintaining the quality, safety & performance of the fireplaces. The interior fireplace was sealed with glass while the exterior fireplace was completely open with logs.

Custom Outdoor Fireplace - Dallas, TX

Everyone knows only the finest products make their way into Four Seasons Resorts. Known for their luxury amenities, this sunny Dallas, TX location wanted to find a fireplace that could seamlessly fit within their new rugged saloon where guests can enjoy innovative craft cocktails, local beer and the sounds of Janis Joplin & Stevie Ray Vaughn. This fireplace was custom designed for this space and includes a cor-ten finish and mammoth logset.

Rooftop Fire Table - Seattle, WA

Don't be afraid to take your outdoor space to the next level with an Acucraft fire table. After being awarded this 36-story apartment project Holmberg Mechanical knew they needed the highest quality fireplaces & fire features for the shared rooftop amenity space for residents. After being unable to find a manufacturer to fulfill those needs they found Acucraft.

Our fireplace experts co-created three gorgeous fireplaces for this project: a custom 6' linear fire table on the rooftop, a 12' linear open outdoor fireplace for the terrace, a 5' linear gas fireplace for the lounge, and a 6' angled linear fireplace for the lobby.
