

ACUCRAFT WOOD FIREPLACES

ALWAYS ONE-OF-A-KIND

Why Acucraft

At Acucraft, we know you want a fireplace that stands out. In order to do that you need a one-of-a-kind fireplace. The problem is all other fireplace manufacturers make the same boring, mass produced product, which makes you feel stuck and frustrated. We know what it feels like to want something better and different, which is why we guide you through the entire process. So stop being frustrated with limited, boring, mass-produced products, and instead have a one-of-a-kind fireplace that you will love forever!

Hearthroom 36 Indoor Outdoor Fireplace - Gloversville, NY

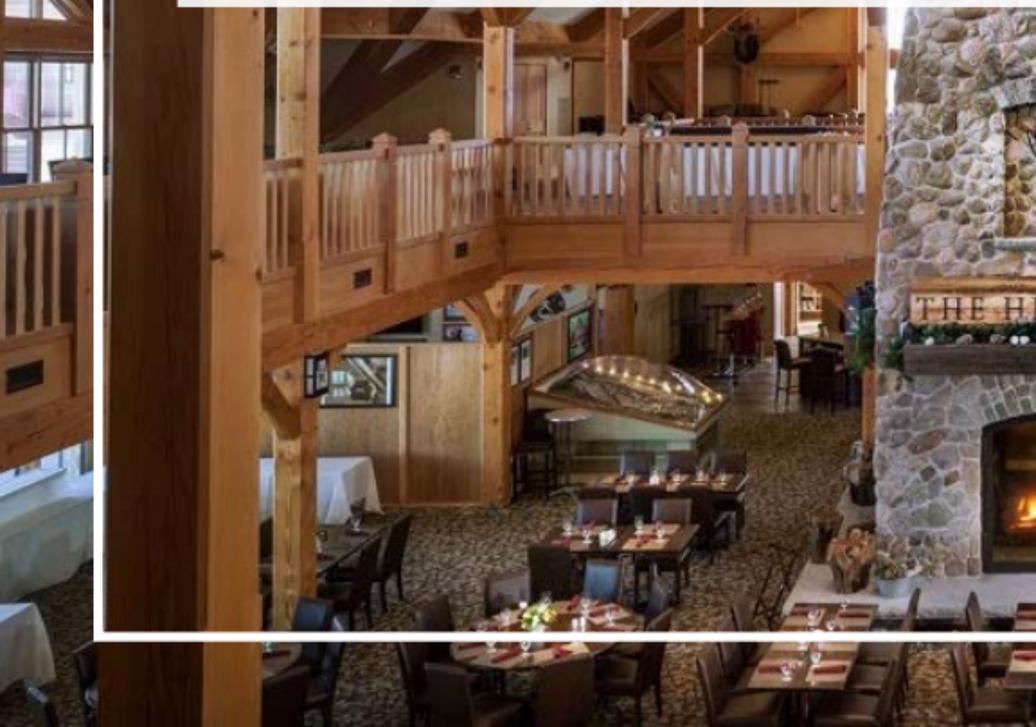

Hearthroom 44 See-Through Fireplace - Jacksonhole, WY

Custom 4-Sided Wood Fireplace

The largest wood burning fireplace Acucraft has ever created sits warmly in the Grand Room at The Hermitage Club in West Dover, VT. This massive fireplace can house up to 10' logs, offers a viewing area of 75 sq ft and has four 5'x5' doors.

Due to the sheer magnitude of this fireplace, it had to be dropped through the ceiling of the clubhouse using a crane!
